

Form 7224.A Geothermal Electricity Generation Tax Credit

Application for Certificate of Eligibility

Section 7-2-18.38 NMSA (Personal Income)

Section 7-2A-24 NMSA (Corporate Income)

This form is an application to apply for a certificate of eligibility with the Energy, Minerals and Natural Resources Departments and pertains to taxable years prior to January 1, 2032. The amount of a tax credit allowed shall be an amount equal to one and one-half cents (\$0.015) per kilowatt-hour of electricity generated in New Mexico in a taxable year by the geothermal electricity generation facility in which the taxpayer holds an interest. The total annual aggregate amount of geothermal electricity generation corporate income tax credits and geothermal electricity generation income tax credits that may be certified in any calendar year is five million dollars (\$5,000,000). Completed applications shall be considered in the order received.
