Dear Ms. Orth and Mr. Ennis:

Due to the overlap of issues addressed in the recent Copper Flat hearings on draft DP-1840 under NMED's ground water program and the Part 6 new mine permit application under the New Mexico Mining Act, our client New Mexico Copper Corporation (NMCC) felt it might be useful and prudent to submit the attached materials from NMED's hearing into the MMD hearing record that closes at midnight tonight. The materials consist of the DP-1840 Transcript of Hearing as well as the sets of PowerPoint slides used in connection with NMCC's direct and rebuttal testimony offered in that earlier late-September hearing. These are in addition to the three labeled exhibits (NMCC A, B and C) that were offered during this week's MMD hearing itself. If you have any questions in this regard, or any difficulty in opening the attachments hereto, please let me know.

Thank you very much.

Very truly yours,

Stuart R. Butzier
