Subject: Letter No Longer Requiring a Public Hearing

Reference: Public Hearing Request, Certified Letter, dated 30 October 2014
Freeport-McMoRan Cobre Mining Company
Permit No. GR002RE, Notice of Application to Change the Permit Boundary & Design Limits

Dear Mr. James Hollen:

I received a certified letter from Fernando R. Martinez, Director, MMD, Mining Act Reclamation Program ("MARP")/MMD granting me a public hearing on questions I had regarding the Freeport-McMoRan Cobre Mining Company Permit No. GR002RE, Notice of Application to Change the Permit Boundary & Design Limits.

On 19 November Antonio Macias and myself property owners met with Mr. Bruce Taylor and Tom Head of Freeport-McMoRan Cobre Mining Company. During the meeting Mr. Taylor answered the questions we had on my request for a public hearing. I am attaching a Memorandum For Record (MFR) of the discussion we had during the meeting. The MFR was sent to Mr. Taylor and Mr. Head and both agreed that the MFR was complete on the discussions during the meeting.

From our perspective as property owners we no longer require a public hearing. Mr. Taylor from Cobre Mining Division is going to send me a copy of the signed MFR. After I receive the signed MFR I will mail a certified letter to yourself for official recording.

Thank You for your attention to this letter.

Below is my contact information for any questions you might have.
