**RE: Public Comments, Application for Exploration Permit, Tererro Exploration Project, Permit No. SF040ER**

Dear Mr. Siglin,

The Mining and Minerals Division (“MMD”) continues to review the Exploration Permit Application submitted on June 4, 2019. MMD has requested comments on the Application from county, state and federal agencies (“Agencies”), however, MMD has not yet received the final biological and hydrogeological reports from Comexico to supplement the Application. MMD has requested comments from the New Mexico Department of Cultural Affairs who will be reviewing the final cultural report. Please submit final versions of the biological and hydrogeological reports to MMD as soon they are available so that MMD and the Agencies may continue the Application review.

For your information, enclosed is a list of individuals and organizations who have, as of today, submitted comments to MMD. MMD is maintaining and updating this list and will notify these parties and others when a date has been determined for the public hearing that will be conducted on the Application. The list and the e-mail comments from these parties are on an enclosed USB flash drive.

If you have any questions, please contact me at 505-476-3432 or david.ohori@state.nm.us.

Sincerely,

David Ohori, Permit Lead, MMD  
Mining Act Reclamation Program (“MARP”)
