RE: Modification of Permit SA012MN

Dear Mr. Ennis,

This document presents a formal request to modify the Minimal Impact Mining Operation Permit No. SA012MN. This request to modify the permit boundary to incorporate an additional 8 acres as well as proposed disturbances inside of this modified permit boundary. Please see the attached documents for an illustration of the existing permit area, the requested modification area and two areas of proposed disturbance for additional parking and storage.

If you have any questions or comments, please contact me at 307-441-4699.

Sincerely,

Steve Whiting
Manager – Mine Technical Services
