David/Holland,

FYI - Last Friday (July 2), we held a virtual meeting with GRIP – Allyson Siwik and Jim Kuipers attended. We explained that we are preparing a request that MMD go forward with acting on a portion of the current revision for Little Rock.

We went over the essential details of what we are asking in the letter you just received.

I also told them that we have a similar amendment request before NMED.

We also explained why this is critical that this be approved for Tyrone to continue operating.

Thanks,  
Tom
