Hi Rocky,

An extension to July 17, 2021 is approved. This will be the last extension unless there is an unavoidable obstacle. I am hoping to prevent Revision 19-1 from turning into another Modification 16-1. Please let me know if you have any questions.

Cheers,

Jenn Johnson

Jennifer:

We are requesting another 2 month extension for the Dicaperl – Socorro Slope Stability study. My surgery was very extensive and I am still restricted to a brace/sling with limited travels. Please advise.

Thank you,
Rocky

Hi Rocky,

An extension to May 17, 2021 to commence the slope stability analysis is approved. Please keep me updated if anything changes.

I hope you have speedy and smooth recovery.

Cheers,

Jennifer

Please consider allowing Dicaperl an extension until mid-May for the Dicaperl-Socorro Slope Stability study. I had an unexpected shoulder surgery last week and will not be able to travel until then.

Thank you,
Rocky

Jennifer:

Due to New Mexico's Covid-19 travel restrictions in Socorro County, Dicaperl is requesting at least a 2 month extension for commencing the slope stability drilling program in Socorro New Mexico. Please approve an extension until March 22, 2021, to reconsider commencing this project.

Thank you,
Rocky
