

**PUBLIC NOTICE
REQUEST FOR PROPOSALS
FOR PROVIDING SUPPORT TO THE ABANDONED URANIUM MINE PROGRAM IN NEW
MEXICO
ISSUED BY THE ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT**

The Energy, Minerals and Natural Resources Department, Mining and Minerals Division (Division), Mining Act Reclamation Program (MARF) is seeking an individual or firm to provide document review, data management, and site assessment development and implementation for Abandoned Uranium Mines (AUMs) in New Mexico. This work is an effort to support MARF's Uranium Reclamation Coordinator position in the inventory and assessment of AUMs within the state. The AUMs associated with this work are found throughout New Mexico but are mainly located in the Grants Uranium Mineral Belt area.

The Division shall assign work on an as-needed basis via task orders (Task Orders) as specified below and will include fieldwork (such as vegetation and soil surveys, site feature mapping, and gamma radiation level mapping) necessary to complete the requested services. Typical projects may include but are not limited to technical document review and management, updating the New Mexico AUM Database (Database), and field work associated with site assessments and implementation.

Potential Offerors may obtain a complete copy of the RFP on the Mining and Minerals Division website: <https://www.emnrd.nm.gov/mmd/public-notices/>, or by contacting:
