RE: Renewal Request for Cebolleta Exploration Project, Permit No. CI018EM

Dear Ms. Rynas,

Pursuant to §19.10.4.405.C NMAC, with this letter Cibola Resources, LLC (Cibola) is requesting a one-year extension to the Cebolleta Exploration Project, Permit No. CI018EM (CEP) that was issued by the New Mexico Mining and Minerals Division (MMD) on July 25, 2023. Please also find enclosed with this letter the renewal application fee of \$500.00 in the form of Check No. 1189.

Cibola has received your letter via email dated June 25, 2024 and understands the following:

- MMD has released the 2.5 acres of disturbance under CEP.
- Any future drilling under CEP at either the same locations already used or new locations will first require an approved modification(s) from MMD.
- The combined footprint of disturbance between CEP and the North Cebolleta Exploration Project, Permit No. CI019EM (NCEP), will not be allowed to exceed 5 acres.
- The Financial Assurance under CEP will continue to be held in its entirety in anticipation of future planned exploration activities.
- Cibola anticipates submitting a modification to CEP for your review in the near future.

Please let us know if you need any additional information or any additional actions to be taken by Cibola to effectuate this renewal request.

Sincerely,

Mike Thompson, CPG
Manager

Enclosures: Check No. 1189
