RE: Renewal Request for Cebolleta Exploration Project, Permit No. CI018EM

Dear Ms. Rynas,

Pursuant to §19.10.4.405.C NMAC, with this letter Cibola Resources, LLC (Cibola) is requesting a one-year extension of the Cebolleta Exploration Project, Permit No. CI018EM (CEP) that was issued by the New Mexico Mining and Minerals Division (MMD) on July 25, 2023 and renewed on July 17, 2024. Please also find enclosed the renewal application fee of \$500.00 in the form of Check No. 1046.

No activity has occurred under CEP since Cibola's receipt of your Technically Complete Reclamation Report Letter, dated June 25, 2024. From past correspondence, including the June 25, 2024 and July 17, 2024 letters, Cibola understands the following:

- MMD has released the 2.5 acres of disturbance under CEP.
- Any future drilling under CEP at either the same locations already used or new locations will first require an approved modification(s) from MMD.
- The combined footprint of disturbance between CEP and the North Cebolleta Exploration Project, Permit No. CI019EM (NCEP), cannot exceed 5 acres.
- The Financial Assurance under CEP will continue to be held in its entirety in anticipation of future exploration activities.

Please let us know if you need any additional information or if any additional actions need to be taken by Cibola to effectuate this renewal request.

Sincerely,

Mike Thompson, CPG
Manager
