**RE: Request for Revision, Minimal Impact Exploration Operation Permit Application
Magdalena Tailings Repurposing, Socorro County, New Mexico, Permit No. SO023EM**

Following our discussion regarding the location of the Dobson Property on the State Register, Americas Tailings, Inc (ATI) is requesting that the Minimal Impact Exploration associated with permit No. SO023EM be modified to remove this property from the permit. ATI intends to sample this property at a later stage and will submit a Part 4 Regular Exploration Application under separate cover.

The Magdalena South Property will remain on the permit for exploration.
