

***List of New Mexico AML Projects under development as of July 1, 2024 and projected to be underway in SFY25 (July 1, 2024 through June 30, 2025)***

<b><u>Project Name</u></b>	<b><u>Status Summary (Hazard, Schedule Accomplishments)</u></b>
<b><i>Project Construction</i></b>	
Vermejo Park Ranch – Swastika Mine and Dutchman Canyon Maintenance and Stream Restoration Project (coal); Colfax County (e-AMLIS Key: NM000008, PA Name: Dutchman)	Construction is complete. Funds continue to be needed to address existing U.S. Army Corps of Engineers water quality permit.
Carthage maintenance (coal); Socorro County (e-AMLIS Key: NM000057, PA Name: Kinney Wells and e-AMLIS Key: NM000058, PA Name: Fite Ranch)	Two subsidence issues, one bat gate repair and construction of one mine shaft bat closure. Construction expected to be completed in early July 2024.
Gallup Coal Field mine fire (coal); McKinley County (e-AMLIS Key: NM935062, PA Name: Enterprise-Brown Mine)	Construction to excavate and extinguish mine fire expected to take place in July 2024.
Gallup Coal Field mine fires (coal); McKinley County (e-AMLIS Key: NM935063, PA Name: Navajo Mine)	Construction to excavate and extinguish mine fire expected to take place in July 2024.
Gallup-Allison Mine Project Phase IV (coal); McKinley County (e-AMLIS Key: NM000069, PA Name: Allison)	Surface depressions may be related to underground coal mine workings. NEPA complete. Investigative drilling is being completed June/July 2024.
<b><i>Project Design &amp; Development</i></b>	
Yankee Canyon (coal); Colfax County (e-AMLIS Key: NM000001, PA Name: Franks)	County road has subsidence holes developing in its path, with associated open adits nearby. Plan is to address the road subsidence issue, safeguard adit openings and reclaim abandoned coal waste piles in the area. NEPA work to be finished in fall 2024. Construction expected in late-fall 2024.
Madrid Stormwater Improvements (coal); Santa Fe County (e-AMLIS Key: NM935060, PA Name: Madrid)	Engineering designs underway to address erosion and drainage issues in the town of Madrid. Will also include replacement of the water supply tank that supplies the fire suppression system.

Coal Breaker)  (State share funds to be used for water supply portion of this project pursuant to 402(g)(1) of SMCRA)	Engineering design and cultural and environmental compliance work expected to be completed in October 2024. Construction is expected in winter of 2024/2025.
La Ventana Maintenance (coal); Sandoval County (eAMLIS Key: NM000037, PA Name: San Miguel Canyon)	Project is defined. NEPA process is underway.
Jones Mine Fire (coal); San Juan County (eAMLIS Key: NM000055, PA Name: Pendleton)	The smell of the fire is very prevalent in the area and could be affecting residents' health. Tetra Tech is conducting engineering analysis with results due summer 2024.
Van Houten Mine Fire (coal); Colfax County (eAMLIS Key: NM000010, PA Name: Van Houten Canyon)	RESPEC is conducting a site assessment of the mine fire area. Subsequent actions will be based on this assessment, which should be finalized in July 2024.
<b><i>Preliminary Project Initiation</i></b>	
Yankee-Vukonich Maintenance Project; Colfax County (e-AMLIS Key: NM000001, PA Name: Franks)	There are maintenance needs on previous project work.
Chiaromonte Mine Drainage; McKinley County (eAMLIS Key: NM000064, PA Name: Black Diamond)	Preliminary assessment to be completed by AML.
Gallup Coal Field (Gallup Land Partners) mine hazards (coal); McKinley County	Inventory is ongoing. Staff is evaluating which features should be included in a project. No environmental clearance work started.
Dandee Coal Mine Safeguard (coal); Rio Arriba County (eAMLIS Key: NM000053, PA Name: Dandee)	Received SHPO cultural resource concurrence. Pending updated design and OSMRE/NEPA update and ATP. OSMRE funded. ON HOLD DUE TO REALTY ISSUE.
Waterflow Mine Fire (coal); San Juan County (eAMLIS Key: NM000056, PA Name: Zia Trading Post)	Mine fire discovered in April 2023. Realty research in progress.
Rogersville Gob Pile Reclamation; (eAMLIS Key: NM000073, PA Name: Waldo)	Preliminary assessment of needs and landowner approvals is being completed by AML.

As-needed Archaeological Services; Statewide	Governmental Services Agreement with University of New Mexico Office of Archaeological Studies; Memorandum of Agreement with UNM Office of Contract Archaeology (OCA)
As-needed environmental and cultural resource compliance services; Statewide	Contracts with Parametrix, Grouse Mountain Environmental Consultants, Daniel B. Stephens & Associates, Inc., and Marron and Associates
As-needed professional engineering and architectural services	Contracts with Weston Solutions Inc., WSP, RESPEC, Trihydro Corp., Tetra Tech, Brierley and Natural Channel Design.
