Dear Mr. Chisler:

Re: Emma Regular Exploration Project;
Permit No. GR095ER – 2026 Renewal Application

Freeport-McMoRan Tyrone Inc. (Tyrone) requests renewal of Permit No. GR095ER for the Emma Regular Exploration Project for an additional one-year term. Permit No. GR095ER was issued by the Mining and Minerals Division (MMD) on September 23, 2025. In accordance with the permit requirements, this renewal application is being submitted more than 30 days prior to the permit expiration date.

Since issuance of permit, Tyrone has not conducted any disturbance or drilling activities associated with the Emma Project. Tyrone is not proposing any changes to the approved permit area, authorized disturbance, design limits, financial assurance, or approved activities as part of this renewal request. This application is intended solely to maintain permit coverage for the Emma Regular Exploration Project.

No changes to the approved exploration or reclamation plan are requested under this renewal application. Tyrone will continue to conduct any future project activities in accordance with Permit No. GR095ER and all applicable permit conditions.

Additionally, a public notice will be mailed to all interested parties within 15 days of this letter. The notice will detail Tyrone's request for renewal, how to contact Freeport-McMoRan Tyrone Inc. or MMD for additional information or comment, and direct recipients to the project page on MMD's website for a copy of this renewal application.

Tyrone appreciates your review and approval of this renewal application. Enclosed is the fee check in the amount of \$1,000.00 to process this request. Should you have any questions or comments, please contact Naudiea Davis at (575) 538-1294.

Sincerely,
