To whom it may concern:

It is my pleasure to announce that the Mining and Minerals Division (MMD) is accepting nominations for the **2022 Excellence in Reclamation Awards**. **Nominations are due to MMD by 4:00 PM Friday, July 15, 2022**. The Energy, Minerals and Natural Resources Department will present the awards during the annual New Mexico Mining Association Convention, held this year at Sandia Resort & Casino in Albuquerque, August 24-26.

Examples of appropriate nomination topics include, but are not limited to:

1. Advancing reclamation science through studies at the mine site, using the scientific method.
2. Applying state-of-the-art, innovative reclamation techniques which mitigate mining-related impacts to people and/or the environment (surface water, ground water, livestock, wildlife habitat, plants, soils, or cultural resources).
3. Developing state-of-the art, innovative post-mine land use applications to reclaimed portions of the mine site.
4. Voluntary reclamation of a mine by an operator that is not required by any regulatory program.
5. Increasing public awareness of mining issues through open public processes (e.g., stakeholder meetings, voluntary public meetings, publications, etc.).
6. Other related efforts or initiatives deserving special recognition.

Please tell us why the nominee deserves this award.

Selection Criteria:

1. **Eligible** nominees include any entity involved in the reclamation of a mine site or portion of a mine site in New Mexico; or other related efforts or initiatives deserving special recognition.
2. **Non-eligible** nominees include those currently in violation of any state or federal environmental laws.
3. Nominations can be for a site that is either an active or inactive mining operation in the state, regardless of whether they are under MMD's jurisdiction.
4. Nominations can include reclamation or safeguarding on abandoned mine land.

5. Nominations can include educational or instructional programs aimed at raising awareness of and interest in mining-related professions.
6. Nominations for awards may be made by any interested person, group or company including: consulting groups, environmental groups, the owner or operator of the mine, government agencies, or the contractor performing the reclamation.

Each nomination should include the following:

1. The party making the nomination (include name, address and phone number).
2. The party responsible for the reclamation, safeguarding, permitting process innovation, or special efforts/initiatives (include name, address and phone number).
3. Location of the site (must be in New Mexico).
4. Nominations should characterize the degree of effort and level of innovation related to the reclamation or safeguarding project, or other related effort/initiative, and why it is worthy of recognition. Text from the nomination may be used in a presentation the day of the awards.
5. Electronic images or photographs of reclamation/safeguarding should be provided and may be used in a presentation the day of the awards.

Nominations are due to MMD by 4:00 PM Friday, July 15, 2022.

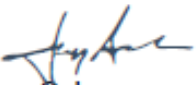

Please mail your nominations to:

Jane Tabor
EMNRD – Mining and Minerals Division
