Dear Mr. Ennis:

The Navajo Nation Heritage and Historic Preservation Department's (NNHHPD) Traditional Culture Program is (TCP) in receipt of your letter regarding the State of New Mexico Energy, Minerals and Natural Resources Department receiving an application from Menefee Mining Corporation to conduct exploration drilling 16 holes approximately 210 feet in depth in McKinley County, New Mexico.

After reviewing your letter and cross referencing our Traditional Cultural Properties (TCP's) database, NNHHPD-TCP has determined that there are no TCPs within the project area and you may proceed without further consultation for this project.

If you have any additional questions, concerns or would like to discuss these issues further, please don't hesitate to contact our office at (928) 871-7198 or (928) 871-7152. Thank you for including the Navajo Nation in the consultation process.

Sincerely,

Timothy C. Begay
