Hi David:

Thank you for providing me with the opportunity to review the response to my comments to the Tererro Exploration Project by Comexico. I have reviewed their responses and find all my comments adequately addressed. Clarifications requested were provided. I have no further comments on the potential impacts to state listed endangered plants from this project, provided that committed conservation measures for Holy Ghost ipomopsis along Rd 192 are followed.

Sincerely,

Daniela Roth

Hi Daniela,

MMD received a letter from Comexico, dated November 19, 2021, with responses to MMD and other agency comments, including NMSFD comments (Memo dated September 27, 2021) on the Final Biological Survey Report. A copy of the letter from Comexico is attached. Please review the responses to NMSFD comments found on pages 3 through 9 of the Comexico letter and let me know if you have any additional comments. Please respond by January 14, 2022.

Contact me if you have any questions.

Thanks.
