

**NOTICE OF PUBLICATION
STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCE DEPARTMENT
OIL CONSERVATION DIVISION**

Pursuant to the Surface Waste Management Facilities Rules (19.15.36 NMAC), notice is hereby given that the New Mexico Oil Conservation Division (“Division”) has received a Surface Waste Management Facility permit application, which was submitted to the Division on November 12, 2019:

Basin Disposal Inc. (200 Montana Street, Bloomfield, New Mexico 87413), has submitted a renewal application to the Division to operate an existing active commercial Surface Waste Management Facility (“Facility”). The existing Facility is located approximately 3 miles north of Bloomfield, New Mexico in Section 3 of Township 29 North, Range 11 West NMPM, San Juan County, New Mexico. The Facility consists of approximately 27.77 acres which is comprised of 2 existing evaporation ponds (1 pending construction), 12 existing receiving tanks (6 pending construction), 4 existing oily water receiving tanks, 3 existing skimmed oil tanks, 3 existing oil heating tanks, 2 existing sludge settling tanks, 9 existing oil sales tanks (2 pending construction), 3 existing filtered water tanks, 4 existing bleach tanks, 1 existing concrete sludge solidification station, 1 existing temporary soil storage area, and 2 existing below-grade tanks.

Pursuant to 19.15.36.9.A NMAC, the proposed application is available upon request at 1220 S. Saint Francis Drive, Santa Fe, New Mexico, 87505, or by calling (505) 476-3487. Any interested person wishing to be placed on a mailing list for notice regarding a proposed decision must make their request at the contact information above.
