

Enterprise Field Services, LLC (Enterprise) hereby announces the publication of a Stage 1 Abatement Plan for groundwater impacts identified at the Lateral K-7 Pipeline Release site located at latitude 36.47945° and longitude -107.56501° within Section 15 of Township 26 North, Range 7 West in Rio Arriba County, New Mexico, hereinafter referred to as the "Site".

On July 15, 2013, a release of natural gas condensate was identified due to a leak on the Lateral K-7 Pipeline Release. Initial response activities were implemented to remediate hydrocarbon impacts at the site. Subsurface investigations concluded that soil and groundwater impacts were present above applicable New Mexico (NM) Energy, Minerals and Natural Resource Department (EMNRD) Oil Conservation Division (OCD) standards for soil and Water Quality Control Commission (WQCC) standards for groundwater. Soil remediation has been completed at the site. No surface water was impacted.

The Director of the NMOCD has approved a Stage 1 Abatement Plan in which Enterprise proposes to further delineation, monitoring, and remediation activities and provide a proposed schedule to schedule to complete delineation activities in accordance with the New Mexico Administrative Code (NMAC) Title 19, Chapter 15, Part 30, Section 13 and 15 (19. 15. 30. 13 and 19. 15. 30. 15). In order to determine that the Stage 1 Abatement Plan is administratively complete, the NM EMNRD OCD Director has complied with Subsection B of 19.15.30.15 of the New Mexico Administrative Code (NMAC) by reviewing the document and concluding that it satisfies the requirements of Subsection C of 19.15.30.13 NMAC.

Members of the public may view a copy of the Stage 1 Abatement Plan at the NMOCD's Santa Fe office located at 1220 South St Francis Drive, #3, Santa Fe, New Mexico or at the NMOCD's district office at 1000 Rio Brazos Road, Aztec, New Mexico. Additionally, the Stage 1 Abatement Plan is available for viewing electronically on the NMOCD public database at <http://www.emnrd.state.nm.us/OCD/>.

The NMOCD is accepting written comments and requests for consideration if they are received within 30 days after the publication date of this public notice. Any person seeking to comment on a Stage 1 Abatement Plan should submit written comments to:

Cory Smith
Environmental Special Projects Supervisor
New Mexico Energy, Minerals and Natural Resources Department
1220 South St. Francis Drive
Santa Fe, NM 87505

The NMOCD shall distribute notice of the submittal of the Stage 1 Abatement Plan with the next division and commission hearing docket following receipt of the plan.
