NEW MEXICO WILDLAND FIRE MANAGEMENT JOINT POWERS MASTER AGREEMENT
COST SHARE AGREEMENT

The purpose of this Cost-Share Agreement is to provide for a coordinated cooperative fire suppression operation on this incident and to describe the cost-share methodology. This Cost-Share Agreement is entered into as per Section 44 of the New Mexico Wildland Fire Management Joint Powers Master Agreement.

1. Incident Name __COYOTE_____ Origin Date: 05/07/2016 Time: 12:51

   Title __Superintendent__ Title __INCIDENT BUSINESS ADVISOR__

8. There are several ways to determine the best cost-share mix. Below are examples of five cost share possibilities:

   A. Each Agency pays for its own resources – fire suppression efforts are primarily on jurisdictional responsibility lands.
B. Each Agency pays for its own resources – services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.

C. Cost share by percentage of ownership or Agency jurisdictional responsibility.

D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.

E. Reconciliation of daily estimates (for larger, multi-day incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multi-Agency contributions.

The following are not reimbursable:

- responsibility for tort claims or compensation for injury costs;
- non suppression rehabilitation costs are the responsibility of the Jurisdictional Agency;
- non-expendable property purchases (are the responsibility of the Agency making the purchase); and
- support costs (i.e. office dispatchers, warehouse workers, etc.), unless they are charging to an emergency code assigned to the incident.

9. Fire suppression costs will be divided between agencies as described below:

In consideration that there is a small amount of state and private land, totaling 385 acres and the BLM portion is 14 acres, the National Park Service will pay 100% of the Coyote Fire.

Per the May 28, 2016 e-ISuite report, incident costs were estimated at $4,340,237.

10. This Cost-Share Agreement is our best judgment of Agencies’ cost responsibilities for this incident on the date/time shown. Future amendments to this Cost-Share Agreement may be necessary as conditions and fire spread change. This Cost-Share Agreement can be negotiated in the field; however, only the State Forester has the
authority to enter into a cost-share agreement on behalf of the EMNRD-Forestry Division.
