EXHIBIT E

COST SHARE AGREEMENT

The purpose of this Cost Share Agreement is to provide for a coordinated cooperative fire suppression operation on this incident and to describe cost share methodology. This Cost Share Agreement is entered into per Clause 51 of the New Mexico Master Cooperative Wildland Fire Management Response Agreement.

1. Incident Name ___Cox Canyon____ Origin Date ___7/04/20____ Time ___1345____

2. Township ___32N____ Range ___11W____ Section ___17________________
   Latitude: 36.99000 N Longitude: 108.030000 W

3. Estimated Size ___99____ Acres at the time of this Agreement.

4. Agency ___New Mexico Forestry Division____ Fire Code ___21-10020024N___
   Agency ___Bureau of Land Management____ Fire Code ___PDM8HT (1502) NM-FAD-000326___

5. This Agreement becomes effective on ________July 4, 2020________ and remains in effect until
   fire is out __________________ or until otherwise amended or terminated.

6. Position ____________________ Name ____________________ Agency ____________________
   Incident Commander _______ Reggie Antonio _______ Bureau of Land Management

   Finance Section Chief _____ n/a ________ __________________________

7. Agency Representatives participating in development of Cost Share Agreement:
   Agency ___NM Forestry Division (State Forestry)_____ Agency ___Bureau of Land Management_____
   Name ___Mary Stuever________ Name ___Kyle Sahd________
   Title ___Chama District Forester____ Title ___Fire Management Officer____

8. Here are several ways to determine the best cost share mix. Below are examples of five cost share possibilities.

   A. Each Agency pays for its own resources - fire suppression efforts are primarily on jurisdictional responsibility lands.

   B. Each Agency pays for its own resources - services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.
NEW MEXICO MASTER COOPERATIVE WILDLAND FIRE MANAGEMENT RESPONSE AGREEMENT

C. Cost share by percentage of ownership or Agency jurisdictional responsibility.

D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.

E. Reconciliation of daily estimates (for larger, multi-day incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multi-Agency contributions.

9. Fire Suppression Costs will be divided between Agencies as described below:

   The Bureau of Land Management will pay for suppression costs for July 4 and 5, and the New Mexico Forestry Division will cover the costs from July 6-17th. New Mexico Forestry Division will also cover NMFD overhead on July 4 and 5th.

10. This Cost Share Agreement is our best judgment of Agencies cost responsibilities for this incident on the date/time shown. Future amendments to the Cost Share Agreement may be necessary, as conditions and fire spread change. This Cost Share Agreement can be negotiated in the field but only the State Forester has the authority to enter into a cost share agreement on behalf of the EMNRD, Forestry Division.
