NEW MEXICO WILDLAND FIRE MANAGEMENT JOINT POWERS MASTER AGREEMENT

COST SHARE AGREEMENT

The purpose of this Cost Share Agreement is to provide for a coordinated cooperative fire suppression operation on this incident and to describe the cost share methodology. This Cost Share Agreement is entered into as per Section 44 of the New Mexico Wildland Fire Management Joint Powers Master Agreement.

1. Incident Name: Dog Head Origin Date 06/14/16 Time 1133

3. Estimated Size 17,880 acres at the time of this Agreement.

   Agency: EMNRD – Forestry Division Fire Code 16-61020595X

5. This Agreement becomes effective on 6/14/16 at 1133 and remains in effect until Controlled or until otherwise amended or terminated.

6. Position Name Agency
   Incident Commander: Barbara B Day US Forest Service
   Finance Section Chief: Billy M Zamora US Forest Service

7. Agency Representatives participating in development of Cost Share Agreement:
   Agency: EMNRD-Forestry Division Agency: USDA – Forest Service
   Name: Gilbert Romero Name: Karyl Georgio
   Title: Incident Business Advisor Title: Incident Business Advisor
   Agency: USDI-Bureau of Indian Affairs Agency: USDI-Bureau of Land Management
   Name: John Antonio Name: Todd Richards
   Title: Supervisor Title: Fire Management Officer
8. There are several ways to determine the best cost share mix. Below are examples of five cost share possibilities:

A. Each Agency pays for its own resources – fire suppression efforts are primarily on jurisdictional responsibility lands.

B. Each Agency pays for its own resources – services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.

C. Cost share by percentage of ownership or Agency jurisdictional responsibility.

D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.

E. Reconciliation of daily estimates (for larger, multi-day incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multi-Agency contributions.

The following are not reimbursable:
- responsibility for tort claims or compensation for injury costs;
- non suppression rehabilitation costs are the responsibility of the Jurisdictional Agency;
- non-expendable property purchases (are the responsibility of the Agency making the purchase); and
- support costs (i.e. office dispatchers, warehouse workers, etc.), unless they are charging to an emergency code assigned to the incident.

9. Fire Suppression Costs will be divided between agencies as described below:

Federal Agencies ------------------------------- 6,692 acres ------------- 37.4%

ENMRD-Forestry Division ---------------------- 11,188 acres ------------- 62.6%

TOTAL ---------------------------------------- 17,880 acres ------------- 100.0%
Federal Agencies will individually bill the EMNROD - NM Forestry Division for 62.6% of their costs.

The EMNROD — NM Forestry Division will bill the U.S. Forest Service for 37.4% of the Forestry Division's costs.

10. This Cost Share Agreement is our best judgment of Agencies' cost responsibilities for this incident on the date/time shown. Future amendments to this Cost Share Agreement may be necessary, as conditions and fire spread change. This Cost Share Agreement can be negotiated in the field but only the State Forester has the authority to enter into a cost share agreement on behalf of the EMNROD, Forestry Division.
