CrowderGulf	55.3	14.8	70.1	Do not award
Top Notch Forestry	37.0	14.2	51.2	Do not award

Meeting Notes:

The review panel for the Hermits Peak-Calf Canyon Hazard Tree Mitigation Services Request for Proposals (RFP) met on 01/06/2024. The Division received six responsive proposals for this RFP. Each member of the panel evaluated all responsive proposals and submitted scores individually in Submittable. Budget scores were then calculated separately and combined with proposal scores to produce total scores. The following proposals were also received, but were deemed non-responsive to minimum RFP requirements and were therefore not evaluated by the panel:

VM West
Los Arboles
Rocky Mountain Forest Products, LLC
Pa & Sons Tree Thinning LLC

Panel members recommended the two highest-scoring proposals, Thompson-Ceres JV, LLC and Taos Tree, LLC, be awarded. This decision best supports the Division's for Hermits Peak-Calf Canyon hazard tree mitigation services on private lands.
