

**PACHECO FIRE COST AGREEMENT, AS PER THE
NEW MEXICO WILDLAND FIRE MANAGEMENT JOINT POWERS MASTER
AGREEMENT**

The purpose of this Cost Agreement is to provide for a coordinated cooperative fire suppression operation on this incident and to describe the cost methodology. This Cost Agreement is entered into as per Section 44 of the New Mexico Wildland Fire Management Joint Powers Master Agreement.

1. Incident Name Pacheco Origin Date 06/18/11 Time 1517

2. Latitude 35: 48' 43" Longitude 105: 50' 13"

3. Estimated Size 10,057 Acres at the time of this Agreement.

4. Agency USFS Santa Fe NF Fire Code F5AR NM-SNF-000198

Agency EMNRD - NM Forestry Division Fire Code 11-61480933N

Agency _____ Fire Code _____

Agency _____ Fire Code _____

5. This Agreement becomes effective on 06/18/11 at
1517 and remains in effect until Control

or until otherwise amended or terminated.

6. Position	Name	Agency
Incident Commander	<u>Clay Templin</u>	<u>AZ-TNF</u>
Finance Section Chief	<u>Judy Morgan</u>	<u>AZ-PNF</u>

7. Agency Representatives participating in development of Cost Agreement:

Agency <u>USFS – Santa Fe NF</u>	Agency <u>EMNRD Forestry Division</u>
Name <u>Maria Garcia</u>	Name <u>Todd Haines</u>
Title <u>Forest Supervisor</u>	Title <u>Bernalillo District Forester</u>
Agency _____	Agency _____
Name _____	Name _____
Title _____	Title _____

8. There are several ways to determine the best cost share mix. Below are examples of five cost share possibilities:

- A. Each Agency pays for its own resources – fire suppression efforts are primarily on jurisdictional responsibility lands.
- B. Each Agency pays for its own resources – services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.
- C. Cost share by percentage of ownership or Agency jurisdictional responsibility.
- D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.
- E. Reconciliation of daily estimates (for larger, multi-day incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multi-Agency contributions.

The following are not reimbursable:

- responsibility for tort claims or compensation for injury costs;
- non suppression rehabilitation costs are the responsibility of the Jurisdictional Agency;
- non-expendable property purchases (are the responsibility of the Agency making the purchase); and
- support costs (*i.e.* office dispatchers, warehouse workers, etc.), unless they are charging to an emergency code assigned to the incident.

9. Fire Suppression Costs will be divided between agencies as described below:

On the Pacheco Fire, the State and Private acreage is negligible and federal funds were not expended to protect those few acres, therefore all suppression costs will be borne by the US Forest Service, Santa Fe National Forest.

10. This Cost Agreement is our best judgment of Agencies cost responsibilities for this incident on the date/time shown. Future amendments to this Cost Agreement may be necessary, as conditions and fire spread change. This Cost Agreement can be negotiated in the field but only the State Forester has the authority to enter into a cost agreement on behalf of the EMNRD, Forestry Division.
