

To Whom it may concern:

In response to the Fees Study, I propose the following:

- Keep the day use fee & perhaps increase it, esp. for non-NM residents. (from \$5-\$10)
- DO NOT ELIMINATE ANNUAL PASSES!!! There are far too many of local EBatt. Residents who use the beach & lake several times a week, at least 6mo. of the year! I propose an increase in the adult to \$75 & the overnight camping Annual passes to \$175^{\$200} & senior " " " " to \$150.
- Boat registrations obviously need to be increased since they haven't for so long... double them!
- charging for non-motorized vessels seems RIDICULOUS if anything, a yearly pass for \$25 could be enforced... but I certainly don't want rangers approaching these vessels in their boats (*seems dangerous!) while they are enjoying their exercise just to check for a permit!

We believe you will lose a lot of revenue at EB Lake if you implement the plan that was proposed at your recent meeting! Listen to those of us who use the lake!!!
