I disagree with doing away with annual day use passes. As a Texas resident with a property at Ute lake, elimination of annual day use passes and requiring out of state day use passes is exceptionally unfair to those of us who frequent the park. We visit Ute lake on average 20 weekends annually, spending two days on the water each weekend. This leads to 40 day passes at \$10/day it will cost us \$400 annually!!! I understand the need for additional revenue and would understand an increase in the cost of annual passes, but please do not do away with them.

Thanks,  
Blane
