Unfortunately I missed the local meeting at Elephant Butte, so I didn't hear the various concerns expressed there. I support raising the entrance rates to at least \$20/car for out of state visitors, with an additional fee for motorized boats. I still think NM residents should pay either an entrance fee or have access to a season pass, also with a season pass for boats and kayaks. These rates could definitely be raised. I also support raising camping fees and implementing some type of shortened time limit for occupying a space, with perhaps some type of microchip device attached to the vehicle that flashes when the time is up.

Thank you for your time,
