Your proposed rate increases are insane! You can get into a private park for the same price! Also national parks would be way cheaper as well!

You are going to lose a lot of revenue! Not only in the parks, but revenue in the communities the parks are located around. Do you think this is appropriate to do to your patrons in this time when Joe Biden is running our country into the ground? Poor people of New Mexico deserve better! Annual passes are the reason people visit New Mexico State parks. They will turn to National Parks and BLM lands if you raise prices. We pay enough in taxes over and over again. You had better think long and hard before doing this. You could be bankrupting communities and your own business (park)
