To whom it may concern:

I am a part time visitor of Eagle Nest, New Mexico. I have seen how important it is for the local businesses of our small village to have a robust tourist population. I believe that the proposed changes in fee structure are counter-productive to that end. The fees are simply excessive for the average visitor who wants to camp, fish on our lake and in our streams. I urge those involved with these changes to take the time to gather feedback from those communities most impacted.

Thank you for your attention,
