Re: Parks Comments =  
Eliminating Annual Passes

Ladies & Gentlemen:

I propose instead of eliminating annual passes—please consider designating the annual passes for senior citizens of New Mexico.

This proposal would help enable them to continue to enjoy our beautiful New Mexico State Parks. So many prices have raised recently, our senior citizens are struggling to manage their finances.

By designating the annual passes be offered for purchase to our senior

citizens - you will be allowing  
them to continue to camp & fish  
within their limited means.

Please - honestly consider this  
proposal instead of eliminating  
annual passes.

We have raised our family in  
New Mexico and enjoyed many  
of the states beautiful parks.

Sincerely,

Esther L. Hamerdinger
