My first question is how on earth do you think you have world class parks????

Your largest state park elephant butte lake doesn't even have a candle lit at night so you can see the boat dock, boat launch! The channel marker bouys are not lit or functioning! The marina tires are not lit !

Have you never been to a state park in another state?

What are you spending wallop breaux and dingell Johnson money on?? The millions you get every year ? Where has it all gone for the last 30 years ?

Before making such claims as world class I encourage you to visit parks in other states where grant monies have been spent legally to make improvements!

Before trying to charge an arm and a leg to camp please make your parks safe and accessible!
