TWIMC,

I'm not sure who in New Mexico you think can afford \$30/night for an electric campground, but it's not OUR residents.

It's bad enough the TEXANS have overrun our western lakes, now with your proposal more poor people of NM will be put out and be unable to enjoy outdoor recreation and rich out of state people will continue to enjoy our parks and recreation.

Who is it you all work for again?

Why not raise the rates for NON-RESIDENTS only. What are you going to do with all these MILLIONS of extra dollars you are now

Going to collect? Improve the parks? Yeah right, stuff your pockets more than likely.

This is an absurd increase to more than double the current rate and the elimination of the annual pass hurts many.

But, you are in line with the BIDENFLATION economics of today's Democrats, congratulations!

Reverse course,

Greg Sarlo
