Hyde Memorial State Park Main Camping Loop Closed Through June 16, 2022 for Construction

Santa Fe, NM - The Energy, Minerals and Natural Resources Department (EMNRD) State Parks Division announces that the main camping loop at Hyde Memorial State Park will remain closed for construction through Thursday, June 16. The closure is necessary to complete the installation of a new electric line as part of the solar micro-grid electrical system.

Hyde Memorial State Park is the first state park to be self-sustaining, using only renewable resources. The electric loop and sites on the west side of Hwy 475 will remain open. The main camping loop is expected to re-open on June 17, 2022.

Visitors are encouraged to be aware of construction activities and use extreme caution near construction equipment. For more details, contact Hyde Memorial State Park at 505-983-7175.

For more information on all New Mexico State Parks, please visit our website at www.emnrd.nm.gov/spd/.
