Hello,

Another thing that is costing our state is reservations. i have been to place that spaces sit empty because the reserve person will not be here for a day or two. Folks do not take these space knowing they will have to move and pack up when reserved person or persons show up. i know because I have been in just that situation at a lake that has reserved spots.

repacking and unpacking is such a pain to do so I just leave the so I just leave the spot o[pen because of the reservation. Costing the state money when not used.
