I think leaving a primitive camping option at a reduced rate is a good idea to provide access for financially strained folks. \$10/nt for primitive seems reasonable.

Have you considered offering a military rate? The feds provide a national park pass to military members. Considering the number of military folks/bases in this state, I think offering a reduced military rate or military camping pass would be an appropriate gesture.

Lastly, I think getting rid of the annual camping pass is a mistake.

Thank you.
