By eliminating the \$5.00 resident fee for day use and doubling the non-resident fee you are projecting to lose nearly \$300,000 annually. You also create an additional administrative effort to check residency. \$5.00 is not an unreasonable fee and you save time and money by having a single fee for all vehicles. It is also easier to use a self-service system for payment if every vehicle is charged the same. If you want to give residents a break the annual pass system is a much simpler way to do that.
