To Those deciding the fate of Elephant Butte.

I am writing about concerns for the new lake fees. I am a kayaker. Sometimes, I use a kayak; sometimes, I use a sail board on the lake. Sometimes grandkids and other family are with me on boards. I would find it hard to come to the main entrance to check in and pay money whenever, I go to the lake.as there are different areas I go to. I feel all should pay something but not make it out of range to use. I generally go once a week for exercise and fresh air. I trust you can come up with an agreeable plan.

Sincerely,
