Hello,

Raising the camping rates is unacceptable. We have lovely state parks with super affordable camping for low income or fixed income people. Raising the rates is just pricing these people and many more out of camping in our beautiful state.

Please reconsider and consult the people that actually camp and use the state parks regularly to see how this will affect them.

I understand rates have been the same for years but this seems to be a money grab more than anything else.

We know several out of state RVers who love NM and our state parks however they will not visit due to the price increase.

Thank you for your time.

Michael & Micki Ziegler
