Why are you raising fees? Greed. Stop comparing us to other states. We are better than those states. Here at ute there are no handicap accessible places at all. A person on crutches will probably become more injured trying to gain access to the water. In the past we could drive to the water but, micromanagement has ruined that. Parks, is only concerned about money. Why? More pay? Thats bs. Control is the name of the game. Our taxes license fees are enough. Outrageous as they are, and you want more? My voice will be ignored because politicians are going to vote for more money. This situation really sucks.
