Hello EMNRD-

Regarding the proposed changes:

How can primitive camping and developed camping be the same price? Primitive camping gets very few if any amenities- not fair.

It seems a nearly 3X increase in price could be prohibitive for average New Mexicans? State parks are FOR New Mexicans and this would limit usage for many.

Charges for non motorized paddle raft also appears unfair as these recreational objects do not interfere at all with the environment or make any demands on staff.

I hope you reconsider the proposals.
