To whom it may concern

I don't know if it can be done by law ,but maybe for day use part see if a small fee can tack on MVD plate fees that would go to State parks ? I would like the annual camping pass to stay ,but raise it for sure . For camping that is not part of Annual pass Tenting and RV should be different prices Dump state fee should be included ,Campsite should be different prices also for Primitive Camping and sites with Electric,water and Sewer. Fee for launch for non state residents just charge a fee for length of stay like a person says three day then X amount for that not per launch. NM and a lot of people who visit from NM and Texas don't have tons of money to spend just for use of the park as it will rob from communities around it. Please re-think this whole thing and use state parks that need more funding ,but this plan will hurt us more .
