Subject: [EXTERNAL] New Mexico State Parks Fees Study rule changes

Inflation and high gas prices have wrecked havoc on tourism in our little slice of Heaven here in NE New Mexico. Increasing Non-Resident day use fees from \$40.00 a year to \$10.00 a day/visit is simply outrageous if the State supports tourism and that begs the question, are you intentionally trying to discourage tourism?

I respectfully request you revisit the true intention of such a drastic rate change and see if there isn't another avenue to satisfy that motivation. Moving forward with this rate change can only serve to place additional financial burdens on the Villages and residents of rural New Mexico.
