As a New Mexico resident, I think a small reduced fee is appropriate to show we all need to do our part. An Annual Pass is very economical.
Maybe free passes for people who have a Medicaid card?

Please increase rates for electricity and sewage dumping

Have a sliding scale for camping fees based on size of vehicle

1. Tent and car/trucks-Lowest
2. Small Recreational Vehicles- Higher
3. Big Recreational Vehicles- VERY HIGH! These use a lot of resources and tear up the roads.

Beautiful places like Villanueva State Park are places to enjoy the natural world.

Possibly consider turning small beautiful state parks into tent-car-truck camper **only**. I can remember How Very Nice it was before big RV's started moving in to use electricity and dump sewage.

Best Wishes
Victoria
