Re: Tyrone Mine Company, Permit No. GR007RE Revision 10-1, Notice of Permit Modification Application For Partial Financial Assurance Release

Freeport-McMoRan Tyrone Mine Company (Tyrone) has applied to the New Mexico Energy, Minerals and Natural Resources Department, Mining and Minerals Division for a modification of the referenced permit under rules 19.10.9.902 and 19.10.9.903 of the NMAC. The modification requests a partial release of financial assurance required for reclamation. The proposed release is for that portion of reclamation work that Tyrone has completed. As a nearby property owner or interested party, you are being provided the attached copy of the public notice concerning this modification request.

If you have any questions, please feel free to contact the New Mexico Energy, Minerals and Natural Resources Department in Santa Fe at (505) 476-3432 or Thomas Shelley at (575) 912-5773.

Sincerely,

A handwritten signature in black ink that reads "Thom L. Shelley for".

Public Notice

Pursuant to the New Mexico Mining Act Rules, 19.10.5 and 19.10.12 NMAC, Freeport-McMoRan Tyrone, Inc. (Tyrone) has applied to the Mining and Minerals Division for partial release of financial assurance (FA) resulting from the reduction of historic mining disturbance at the historic Little Rock Mine. The release of FA will be processed as modification 13-1 to Mining Act Permit No. GR007RE approved December 1999 (“Permit”). The Little Rock Mine is an operating, open pit mine that produces copper ore that is transported to the adjacent Tyrone Mine where the copper ore is processed to produce copper through the solution extraction/electrowinning process.

A copy of the application is available for viewing during normal business hours at:

New Mexico Energy, Minerals and Natural Resources Department
Mining and Minerals Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

And also at:

Silver City Public Library
515 W. College Avenue
Silver City, New Mexico 88061

The application can also be viewed or downloaded from the New Mexico Energy, Minerals, and Natural Resources website at:

<http://www.emnrd.state.nm.us/MMD/MARP/PermitGR007RE.html>

This application is available for public comments, objections and a public request for hearing as provided below.

Permittee and Mailing Address: Freeport-McMoRan Tyrone, Inc., P.O. Drawer 571, Tyrone, New Mexico 88065

Location of Real Property Affected: The historic mining disturbances are located on Tyrone property to the west of Tyrone Mine (10 miles south of Silver City, Grant County, NM) at the Little Rock Mine. The Little Rock Mine is located within Township 19 South, Range 15 West, and Sections 17 and 20. The historic mining disturbance isn't visible from a public road.

Type of Reclamation/Closeout Performed, Acres and Dates: Under the Permit Tyrone currently has FA in place for the historic Little Rock Mine. The FA is broken into two parts. The first part was for the reclamation of the stockpile and precipitation plant. This area was reclaimed in 2010 and a partial release of FA was approved by MMD and NMED. The FA for reseeding remains in place.

The second part of the FA covered the reclamation cost for the historic mine features and associated boreholes and pads. With the Little Rock Mine startup in 2011, the historic areas were removed by mine activity and the remaining exploration boreholes were abandoned according to the approved borehole abandonment plan.

Description of the Results Achieved: The historic mine features were removed and the associated boreholes were abandoned according to the approved reclamation work plan and ground was contoured and seeded.

Type and Amount of FA Filed and Portion Sought to be Released: The Permit details the obligations and conditions associated with Tyrone FA. This permit currently requires a total FA of \$1,520,113. The current FA instrument is a surety bond held by Liberty Mutual Insurance. Tyrone is requesting a FA release in the amount of \$1,166,833. The amount of FA that would remain in a bond would be in the amount of \$353,280 for revegetation, if required, at the reclaimed stockpile and precipitation plant sites (part one).

Name and Address to Submit Written Comments, Objections or Requests for Public Hearings: Written comments, objections or requests for a public hearing with regard to the application for partial release of financial assurance shall be submitted to: Fernando Martinez, Director, Mining and Minerals Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. MMD will conduct an inspection of the site within 30 days (weather permitting) after receipt of the application. Persons who have requested advance notice of the inspection shall be given notice of the inspection and may be present at the inspection as may any other interested members of the public. Within 30 days from the date of the inspection, a person with an interest that is or will be adversely affected by the proposed financial assurance release may file written objections to the proposed release with the Director at the above address and may request a public hearing. If a public hearing is held, a separate notice will be provided in accordance with 19.10.12.1210 NMAC.

Anuncio Público

De conformidad con las disposiciones de la Ley de Minería de Nuevo México, 19.10.05 y 19.10.12 del Código Administrativo de Nuevo México, Freeport-McMoRan Tyrone, Inc. (en adelante "Tyrone") ha presentado una solicitud ante la División de Minería y Minerales para la emisión parcial de un seguro financiero (FA, por sus siglas en inglés) que surge de la reducción de la alteración de minería histórica en la Mina Little Rock. La emisión del FA se procesará como modificación 13-1 del Permiso número GR007RE de la Ley de Minería aprobado en diciembre de 1999 (en adelante, "Permiso"). La mina Little Rock es una mina de explotación a cielo abierto operativa que produce mineral de cobre que se transporta a la Mina Tyrone, donde se procesa para producir cobre a través del proceso de extracción de solución/electroobtención.

Se encuentra disponible una copia de la solicitud para su observación durante las horas hábiles en la siguiente dirección:

Departamento de Energía, Minerales y Recursos Naturales de Nuevo México
División de Minería y Minerales
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Asimismo, se encuentra disponible en la siguiente dirección:

Biblioteca Pública Silver City
515 W. College Avenue
Silver City, New Mexico 88061

Esta solicitud también puede verse o descargarse desde el sitio web de Energía, Minerales y Recursos Naturales de Nuevo México en la siguiente dirección:

<http://www.emnrd.state.nm.us/MMD/MARP/PermitGR007RE.html>

La solicitud se encuentra disponible para que se realicen comentarios públicos, objeciones y un pedido público de audiencia tal como se especifica más adelante.

Tenedor del Permiso y dirección postal: Freeport-McMoRan Tyrone, Inc., P.O. Drawer 571, Tyrone, New Mexico 88065

Ubicación de la propiedad afectada: Las alteraciones de la minería histórica se encuentran en propiedad de Tyrone al oeste de la Mina Tyrone (10 millas al sur de Silver City, Condado de Grant, Nuevo México) en la Mina Little Rock. Esta mina se encuentra dentro del municipio 19 sur, rango 15 oeste y secciones 17 y 20. La alteración de la minería histórica no es visible desde una carretera pública.

Tipo de reclamo/Realización de cierre, acres y fechas: De conformidad con el Permiso, actualmente Tyrone cuenta con el FA vigente para la Mina histórica Little Rock. El FA se divide en dos partes. La primera parte estaba destinada al reclamo de los almacenes y de la planta de precipitado. Se volvió a plantear un reclamo por el área en 2010 y la División de Minería y

Minerales y el Departamento de Medioambiente de Nuevo México aprobaron una emisión parcial del FA. El FA para replantación permanece en vigencia.

La segunda parte del FA cubría el costo de reclamo para las características de la mina histórica y sus pozos y pads asociados. Cuando comenzó la explotación de la Mina Little Rock en 2011, se removieron las áreas históricas debido a la actividad minera y los pozos de exploración restantes fueron abandonados de conformidad al plan aprobado de abandono de pozos.

Descripción de los resultados obtenidos: Se removieron las características de la mina histórica y se abandonaron los pozos asociados de conformidad al plan de trabajo de reclamo aprobado, se determinó el contorno del suelo y se procedió al sembrado.

Tipo y monto del FA presentado y parte que se pretende emitir: El Permiso detalla las obligaciones y las condiciones vinculadas con el FA de Tyrone. Este Permiso actualmente requiere un FA total de \$1.520,113. El instrumento actual de FA es una garantía en manos de Liberty Mutual Insurance. Tyrone está solicitando una emisión del FA por el monto de \$1.166,833. El monto de FA que permanecería como parte de la garantía sería de \$353.280 para la revegetación, si se la solicita, en los sitios de almacén o planta de precipitado (parte uno).

Nombre y dirección para presentar comentarios por escrito, objeciones o pedidos de audiencias públicas: Los comentarios por escrito, las objeciones o los pedidos de audiencia pública respecto de la solicitud para una emisión parcial del seguro financiero deberán enviarse a: Fernando Martinez, Director, División de minería y minerales 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. La División realizará una inspección del sitio dentro de los 30 días (en tanto lo permita el clima) siguientes a la recepción de la solicitud. Las personas que hayan pedido un aviso previo de la inspección deberán recibir una notificación de la inspección y podrán estar presentes en ese proceso así como también cualquier otro miembro interesado del público. Dentro de los 30 días siguientes a la fecha de inspección, una persona cuyo interés se encuentre o podría estar afectado en el futuro por el seguro financiero propuesto puede presentar objeciones por escrito respecto de la emisión planteada ante el Director en la dirección que figura más arriba y puede pedir una audiencia pública. Si se realiza una audiencia pública, se proporcionará una notificación por separado de conformidad a la sección 19.10.12.1210 del Código Administrativo de Nuevo México.

Public Notice

Pursuant to the New Mexico Mining Act Rules, 19.10.5 and 19.10.12 NMAC, Freeport-McMoRan Tyronne, Inc. (Tyronne) has applied to the Mining and Minerals Division for partial release of financial assurance (FA) resulting from the reduction of historic mining disturbance at the historic Little Rock Mine. The release of FA will be processed as modification 13-1 to Mining Act Permit No. GR007RE approved December 1999 ("Permit"). The Little Rock Mine is an operating, open pit mine that produces copper ore that is transported to the adjacent Tyronne Mine where the copper ore is processed to produce copper through the solution extraction/electrowinning process.

A copy of the application is available for viewing during normal business hours at:

New Mexico Energy, Minerals and Natural Resources Department
Mining and Minerals Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

And also at:

Silver City Public Library
515 W. College Avenue
Silver City, New Mexico 88061

The application can also be viewed or downloaded from the New Mexico Energy, Minerals, and Natural Resources website at:

<http://www.enmr.state.nm.us/MMD/MARP/PermitGR007RE.html>

This application is available for public comments, objections and a public request for hearing as provided below.

Permittee and Mailing Address: Freeport-McMoRan Tyronne, Inc., P.O. Drawer 571, Tyronne, New Mexico 88065

Location of Real Property Affected: The historic mining disturbances are located on Tyronne property to the west of Tyronne Mine (10 miles south of Silver City, Grant County, NM) at the Little Rock Mine. The Little Rock Mine is located within Township 19 South, Range 13 West, and Sections 17 and 20. The historic mining disturbance isn't visible from a public road.

Type of Reclamation/Classroom Performed, Acres and Dates: Under the Permit Tyronne currently has FA in place for the historic Little Rock Mine. The FA is broken into two parts. The first part was for the reclamation of the stockpile and precipitation plant. This area was reclaimed in 2010 and a partial release of FA was approved by MMD and NMED. The FA for reseeded remains in place.

The second part of the FA covered the reclamation cost for the historic mine features and associated boreholes and pads. With the Little Rock Mine startup in 2011, the historic areas were removed by mine activity and the remaining exploration boreholes were abandoned according to the approved borehole abandonment plan.

Description of the Results Achieved: The historic mine features were removed and the associated boreholes were abandoned according to the approved reclamation work plan and ground was contoured and seeded.

Type and Amount of FA Filed and Portion Sought to be Released: The Permit details the obligations and conditions associated with Tyronne FA. This permit currently requires a total FA of \$1,520,113. The current FA instrument is a surety bond held by Liberty Mutual Insurance. Tyronne is requesting a FA release in the amount of \$1,166,833. The amount of FA that would remain in a bond would be in the amount of \$353,280 for revegetation, if required, at the reclaimed stockpile and precipitation plant sites (part one).

Name and Address to Submit Written Comments, Objections or Requests for Public Hearings:

Written comments, objections or requests for a public hearing with regard to the application for partial release of financial assurance shall be submitted to: Fernando Martinez, Director, Mining and Minerals Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. MMD will conduct an inspection of the site within 30 days (weather permitting) after receipt of the application. Persons who have requested advance notice of the inspection shall be given notice of the inspection and may be present at the inspection as may any other interested members of the public. Within 30 days from the date of the inspection, a person with an interest that is or will be adversely affected by the proposed financial assurance release may file written objections to the proposed release with the Director at the above address and may request a public hearing. If a public hearing is held, a separate notice will be provided in accordance with 19.10.12.1210 NMAC.

De conformidad con las disposiciones de la Ley de Minería de Nuevo México, 19.10.05 y 19.10.12 del Código Administrativo de Nuevo México, Freeport-McMoRan Tyrone, Inc. (en adelante "Tyrone") ha presentado una solicitud ante la División de Minería y Minas para la emisión parcial de un seguro financiero (FA, por sus siglas en inglés) que surge de la reubicación de la alteración de minería histórica en la Mina Little Rock. La emisión del FA se procesará como modificación 13.1 del Permiso número GR007RE de la Ley de Minería aprobado en diciembre de 1999 (en adelante, "Permiso"). La mina Little Rock es una mina de explotación a cielo abierto operativa que produce mineral de cobre que se transporta a la Mina Tyrone, donde se procesa para producir cobre a través del proceso de extracción de solución/electroobtención.

Se encuentra disponible una copia de la solicitud para su observación durante las horas hábiles en la siguiente dirección:

Departamento de Energía, Minerales y Recursos Naturales de Nuevo México
División de Minería y Minerales
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Asimismo, se encuentra disponible en la siguiente dirección:

515 W. College Avenue
Silver City, New Mexico 88061

Esta solicitud también puede verse o descargarse desde el sitio web de Energía, Minerales y Recursos Naturales de Nuevo México en la siguiente dirección:

<http://www.emnrd.state.nm.us/MMD/MARP/PermitGR007RE.html>

La solicitud se encuentra disponible para que se realicen comentarios públicos, objeciones y un pedido público de audiencia tal como se especifica más adelante.

Tenedor del Permiso y dirección postal: Freeport-McMoRan Tyrone, Inc., P.O. Drawer 571, Tyrone, New Mexico 88065

Ubicación de la propiedad afectada: Las alteraciones de la minería histórica se encuentran en propiedad de Tyrone al oeste de la Mina Tyrone (10 millas al sur de Silver City, Condado de Grant, Nuevo México) en la Mina Little Rock. Esta mina se encuentra dentro del municipio 19 sur, rango 15 oeste y secciones 17 y 20. La alteración de la minería histórica no es visible desde una carretera pública.

Tipo de reclamo/Realización de cierre, acres y fechas: De conformidad con el Permiso, actualmente Tyrone cuenta con el FA vigente para la Mina histórica Little Rock. El FA se divide en dos partes. La primera parte estaba destinada al reclamo de los almacenes y de la planta de precipitado. Se volvió a plantear un reclamo por el área en 2010 y la División de Minería y

Minerales y el Departamento de Medioambiente de Nuevo México aprobaron una emisión parcial del FA. El FA para replantación permanece en vigencia.

La segunda parte del FA cubría el costo de reclamo para las características de la mina histórica y sus pozos y pads asociados. Cuando comenzó la explotación de la Mina Little Rock en 2011, se removieron las áreas históricas debido a la actividad minera y los pozos de exploración restantes fueron abandonados de conformidad al plan aprobado de abandono de pozos.

Descripción de los resultados obtenidos: Se removieron las características de la mina histórica y se abandonaron los pozos asociados de conformidad al plan de trabajo de reclamo aprobado, se determinó el contorno del suelo y se procedió al sembrado.

Tipo y monto del FA presentado y parte que se pretende emitir: El Permiso detalla las obligaciones y las condiciones vinculadas con el FA de Tyrone. Este Permiso actualmente requiere un FA total de \$1,520,113. El instrumento actual de FA es una garantía en manos de Liberty Mutual Insurance. Tyrone está solicitando una emisión del FA por el monto de \$1,166,833. El monto de FA que permanecerá como parte de la garantía sería de \$353,280 para la revegetación, si se la solicita, en los sitios de almacén o planta de precipitado (parte uno).

Nombre y dirección para presentar comentarios por escrito, objeciones o pedidos de audiencias públicas: Los comentarios por escrito, las objeciones o los pedidos de audiencia pública respecto de la solicitud para una emisión parcial del seguro financiero deberán enviarse a: Fernando de la Sota, Director, División de minería y minerales 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. La División realizará una inspección del sitio dentro de los 30 días (en tanto lo permita el clima) siguientes a la recepción de la solicitud. Las personas que hayan pedido un aviso previo de la inspección deberán recibir una notificación de la inspección y podrán estar presentes en ese proceso así como también cualquier otro miembro interesado del público. Dentro de los 30 días siguientes a la fecha de inspección, una persona cuyo interés se encuentre o podría estar afectado en el futuro por el seguro financiero propuesto puede presentar objeciones por escrito respecto de la emisión planteada ante el Director en la dirección que figura más arriba y puede pedir una audiencia pública. Si se realiza una audiencia pública, se proporcionará una notificación por separado de conformidad a la sección 19.10.12.1210 del Código Administrativo de Nuevo México.
